#### **4. Stipulation to Facts**

The Respiratory Care Practitioner and the Board stipulate to the following facts:

A. The Respiratory Care Practitioner was engaged in the practice of respiratory care in North Carolina when the events occurred that led to the initiation of this complaint.

The Licensee renewed online on December 30, 2011 and attested to having completed a minimum of 12 hours of respiratory care continuing education (CE) during his renewal period, which was December 29, 2010 to December 30, 2011. The Licensee's license number was on the Board's randomly selected audit list for this year and a Notice of Audit letter was mailed to the Licensee's address of record on January 3, 2012. The Board received a letter from the Licensee on February 1, 2012 informing the Board that he had failed to complete the required CE's.

C. A certified letter was mailed to the Licensee's address of record on February 2, 2012 asking him to attend an interview with the Board's Investigation and Informal Settlement Committee on March 12, 2012.

The Licensee attended the interview with the Board's Investigation and Informal Settlement Committee on March 12, 2012 at which time he stated that he not completed the required CE due to financial reasons. The Licensee did not bring any completed CE with him to the Interview and informed the committee he had not completed any CE for the renewal year.

Code § 61 .0401 (g), and would provide a sufficient basis for the Board to permanently revoke my License.

##### **B. Stipulation to Sanction:**

3. The Licensee agrees to complete all future license renewals by paper form and not utilize the Boards online renewal system.

4. The Licensee agrees to submit, with his renewal, copies of all CE completed during the renewal period for the next 5 years. (2012, 2013, 2014, 2015 and 2016 Renewals)

5. The CE the Licensee completed for his 2010 to 2011 renewal and presented to Board Staff on April 10, 2012 may not be used for the Licensee's 2011-2012 renewal.

6. To continue to comply with the Respiratory Care Practice Act, the Board's Rules, and the Board's published interpretation of those rules.

7. Failure to submit the civil penalty and disciplinary costs within 90 days of execution of this consent order will result in suspension of the license to practice respiratory care in North Carolina.

## **6. Public Record**

The parties agree that this Consent Order is public record, as required by N.C. Gen. Stat. § 132-1. Documents that are part of the investigative file are not public record.

All provisions of this Order are effective upon this Order's effective date. Fulfillment of time-specific elements intended to coincide with active practice (such as, but not limited to; probation, supervision or therapy) will only accrue during periods of active practice in which the Respiratory Care Practitioner is compliant with the terms of this Order. Therefore, any period of noncompliance or inactive practice will not accrue towards fulfillment of those terms.

Should circumstances arise that affect the Respiratory Care Practitioner's ability to remain in compliance, the Respiratory Care Practitioner shall immediately notify the Board in writing by return receipt mail, fully describing the situation along with any attendant request for Board consideration.
